NEW ERP PILOT

WHAT YOU NEED TO KNOW

We are excited to announce our 2025 pilot program for a new Enterprise Resource Planning (ERP) system. We believe this system's ongoing advances in technology will meet our future needs and further enhance your experience with us.

WHAT CAN I EXPECT?

- Quicker answers on product availability with our enhanced warehouse tracking system.
- Better project management with our new project status reports.
- Back-orders filled more quickly with our enhanced fulfillment capabilities.
- Simpler, easy-to-read documentation.
- Minimal disruption during transition.
